**Preparation:** Place the polar bear enclosure face up in the middle of the table.

**Playing the game:** Use the normal rules for Zooloretto, except as described below:  
The **first** player to fill his **6-space** enclosure, takes, as a bonus, the polar bear enclosure from the middle of the table. He places it below his

zoo board near the barn and extra enclosure. The polar bear enclosure remains with this player until the end of the game. The player may place no tiles in the polar bear enclosure.

**Scoring:** The owner of the polar bear enclosure only loses half the normal points for the tiles he has in the barn at the end of the game.
